First-aid measures general : In all cases of doubt, or when symptoms persist, seek medical attention. If possible, show the doctor this safety data sheet. Failing this, show the doctor the packaging or label. If unconscious, place in the recovery position. Never give anything by mouth to an unconscious person. Immediately remove contaminated clothing or footwear.

First-aid measures after inhalation : Remove person to fresh air and keep comfortable for breathing. Give artificial respiration if necessary. Call a poison center or a doctor if you feel unwell.

First-aid measures after skin contact : Remove immediately contaminated clothing, wash affected skin area with plenty of cold or lukewarm water. If no injury to skin occurred, it is recommended to use soap, soap solution or shampoo. Call a physician!.

First-aid measures after eye contact : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

First-aid measures after ingestion : Keep the affected person at rest. Rinse mouth thoroughly with water. Do not give an unconscious person anything to drink. If vomiting occurs have person lean forward. Seek medical attention immediately.
